

Made in WA from 100% Recycled Tyres

Ultimate surface upgrade for modern fitness spaces. Throughcycle rubber matting delivers elite performance, durability, and acoustic control.

Available in 1m² sheets with 10mm or 15mm thicknesses, gym matting protects equipment and joints while reducing noise in every rep. Ideal for gyms, home setups, CrossFit boxes, and rehab facilities, offering the perfect balance of safety, performance, and sustainability.

- ✓ **Absorbs impact and protects joints**
- ✓ **Dampens noise and vibration effectively**
- ✓ **Resists wear from heavy equipment**
- ✓ **Boosts floor stability in high-traffic zones**
- ✓ **Durable & Easy to clean**

CrossFit & Functional

Made for slams, lifts, and high-intensity work. The 15mm absorbs impact, protects gear, and keeps your footing secure.

Studios & Fitness Spaces

Soft yet supportive, PowerBase enhances grip, reduces noise, and adapts to all studio workouts, from yoga to HIIT.

Commercial & Home Gyms

Delivers pro-level protection, noise reduction, and easy upkeep, ideal for high-traffic fitness centres or compact home setups.

Sound Control & Acoustic

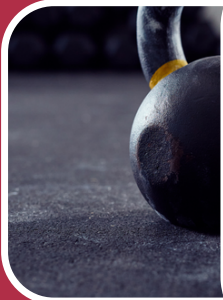

Reduces echo, dampens vibration, and cuts noise. Ideal for recording studios, shooting range, acoustic zones, and more.

Strength & Weight Rooms

Dense and stable, it resists compression and cushions impact, protecting floors and lifting equipment.

Rehab & Medical Fitness

Slip-resistant, hygienic, and low-profile. Rubber Gym Matting supports safe rehab, mobility work, and wheelchair access.

Packaging Options

10mm

Great for home gyms, functional fitness, and moderate-impact areas.

15mm

Best for lifting zones, CrossFit, and high-impact commercial use.

- Palletised and shrink-wrapped
- Custom packaging available
