

## Premium Rubber Crumb, Granules & Buffing

### Made in WA from 100% Recycled Tyres

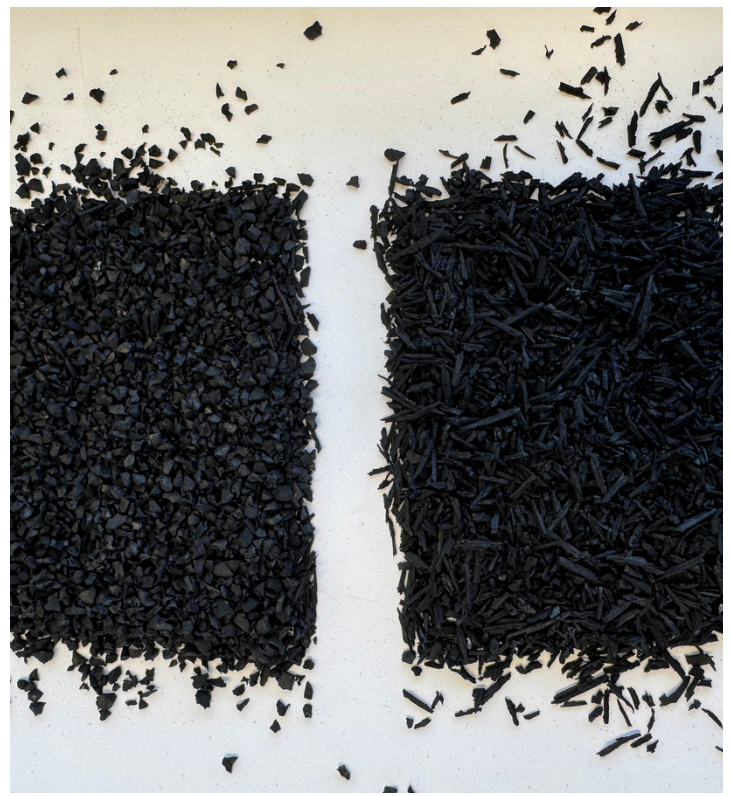

Available in Styrene Butadiene-Rubber - SBR, our buffing, granules and powder deliver exceptional durability, flexibility, and bonding performance for playground surfacing, sports flooring, asphalt modification, and moulded rubber manufacturing.

Brought to you by **CTS Tyre Recycling**, a leader in responsible tyre upcycling, Throughcycle Rubber is committed to turning tyre waste into a valuable resource for a greener tomorrow.

### Available sizes:

**1mm-4mm, 8mm-12mm, 30 mesh, 16 mesh, 12 mesh, and 4 mesh.**
